

MULTISYSTEM® EVO: *an evolution to simplicity*

A.A.G. Stucchi presenta **MULTISYSTEM® EVO**: l'evoluzione del sistema **MULTISYSTEM®** volta alla semplicità di installazione ed utilizzo ma anche all' allargamento del mercato di riferimento di questa gamma, mantenendone inalterate le caratteristiche tecniche e di sistema.

*A.A.G. Stucchi presents **MULTISYSTEM® EVO**: the evolution of **MULTISYSTEM®** that aims to simplify installation and use but also to widen the market potentialities of this product range, while maintaining technical and system features.*

BINARI TRACKS

MULTISYSTEM®

MULTISYSTEM® EVO

La rimozione della barra metallica elimina una componente di costo e semplifica notevolmente le operazioni di installazione in caso di taglio.

Removing the metal plate eliminates a cost and deeply simplifies installation operations in case cutting the track is necessary.

MULTISYSTEM® EVO: *an evolution to simplicity*

ADATTATORI ADAPTERS

MULTISYSTEM®

Adattatore per utilizzo solo con
binari **MULTISYSTEM®**

*Adapter for use with
MULTISYSTEM® tracks*

MULTISYSTEM® EVO

Adattatore universale per utilizzo con binari
MULTISYSTEM® EVO e **MULTISYSTEM®**

*Universal adapter for use with
MULTISYSTEM® EVO e **MULTISYSTEM®** tracks*

La rimozione dei magneti dal corpo degli adattatori elimina eventuali problematiche di interferenze elettromagnetiche con i driver inseriti al loro interno e riduce i costi.

Removing magnets from adapter's body reduces costs and eliminates possible electro-mechanical interferences with drivers used inside them.

INSTALLAZIONE DEGLI APPARECCHI DI ILLUMINAZIONE LIGHTING FIXTURES INSTALLATION

Grazie ad un semplice meccanismo “click in/click out” senza l’uso di tools o operazioni manuali aggiuntive l’esperienza di installazione degli apparecchi rimane semplice ed immediata, anche senza l’utilizzo del sistema magnetico.

Thanks to a “click in/click out” system, without tools or additional manual operations the lighting fixtures installation remains easy and immediate as if magnets were there.

LIGHT INSIDE MULTISYSTEM® ... ANCHE IN VERSIONE EVO
LIGHT INSIDE MULTISYSTEM® ... EVO VERSION AVAILABLE

Tutti i moduli di luce della gamma **SENZAFINE** e i prodotti **MULTISYSTEM® READY** sono prodotti anche in versione **EVO**; un sistema completo quindi non solo a livello di componentistica ma anche di proposte per l'utilizzo della luce lineare all'interno dei binari.

*All **SENZAFINE** light modules and **MULTISYSTEM® READY** products are now available also in **EVO** version. A complete system though not only for components but also with products for the use of linear light inside our tracks.*
